**Tiedemann's Diving Center
Advanced Specialty Program**

**NIGHT & LIMITED
VISIBILITY DIVING**

Some divers are missing out on one of the most interesting forms of diving - Night Diving. Don't be one of these divers. Join us on one of our Night Diving Specialty courses that we will be teaching this year. This course will introduce you to the excitement that night diving offers.

Night diving offers many things to divers. It offers a new perspective on old familiar dive sites. It offers an interesting new way of looking at aquatic life. It offers individuals a way to explore new realms and see new sights - at dive sites that you may have dived many times before. It also offers on Long Island - LOBSTERS. They are just walking around at night and feeding. Don't miss the chance to expand your diving with this simple and exciting course,

The program consists of one video lecture session at Tiedemann's Diving Center and one day of beach diving. The video session can be done anytime before the dives just call the Center for an appointment. On the day of the beach dives (two dives) we will meet for an afternoon dive to become familiar with the dive site and follow that with a night dive that will put our new found knowledge to work.

Our next **Night Diving** course will be held during one of our Advanced weekends. Check our online calendar for the dates of the next course.

Members of the class will also need the SSI Specialty Diver book on Night Diving and Limited Visibility Diving. Extra equipment needed includes a night diving light, a back up light and a "light stick".

The total cost of the program is \$65.00. If the course is taken on the same day we are offering our other Specialty course **Underwater Navigation**, you may do all the work to meet the requirements of both. The cost of the two courses taken together is only \$110.00.

Register by phone, mail online (coming soon) or in person at Tiedemann's Diving Center. Any questions? - Just give us a call at 516-796-6560.

CLASS SIZE IS VERY LIMITED - PLEASE REGISTER EARLY
