**Tiedemann's Diving Center
Advanced Specialty Program**

SEARCH & RECOVERY

For some divers the idea of finding something underwater and bringing it to the surface is very exciting. Well if you have ever thought about learning to find things underwater and bring them up, this is the course for you. Building on your "all important navigation skills, we teach you how to locate objects. Then carefully and safely we teach you how to bring them to the surface. A prerequisite for search and recovery is a navigation specialty (or equivalent).

From beach diving to wreck diving - search and recovery skills can come in very handy. Don't miss this chance to learn these useful skills. Our next **Search & Recovery** course will be held during one of our Advanced weekends at Dutch Springs. Check our online calendar for the dates of the next course.

The total cost of the program is \$60.00. If the course is taken at the same time that we are offering our **Diver Stress and Rescue**, you may do all the work to meet the requirements of both. The cost of the two programs, **Search & Recovery** and **Diver Stress & Rescue**, taken together is only \$150.00. Each candidate also needs a SSI Rescue Diver Package.

Register by phone, mail, online (coming soon) or in person at Tiedemann's Diving Center. Any questions? – Just give us a call at 516-796-6560.

CLASS SIZE IS VERY LIMITED – PLEASE REGISTER EARLY
